

Telecom Egypt Awarded 'Best Investor Relations – Telecom Company' at the International Finance Awards 2024

Dubai, UAE – 16 January 2025: Telecom Egypt was honored with the prestigious 'Best Investor Relations - Telecom Company' award at the International Finance Awards 2024 ceremony, held at the Jumeirah Emirates Towers in Dubai. This distinguished recognition underscores Telecom Egypt's unwavering commitment to excellence in corporate governance, transparency, and its proactive efforts in engaging with shareholders, investors, and the wider financial community.

The International Finance Awards, now in their 12th year, celebrate organizations that stand out through leadership, innovation, and an unrelenting commitment to best practices. This year's ceremony brought together industry leaders, innovators, and influential stakeholders from across the globe, providing a platform to honor outstanding achievements in various sectors.

Since its inception in 2013, the International Finance Awards have grown to become a globally recognized benchmark for excellence, highlighting companies that set the standard for leadership, innovation, and performance in their respective industries. The awards process involves a rigorous two-tier evaluation: an initial review by the Internal Evaluation Team at International Finance Magazine, followed by a thorough assessment by an External Evaluation Agency. Nominations are carefully considered based on criteria such as past performance, growth, strategic achievements, innovation, communication practices, and client testimonials.

Wael Hanafy, Chief Financial Officer at Telecom Egypt, commented:

"We are extremely proud to receive this esteemed award from International Finance Magazine. This recognition reflects the hard work and dedication of our entire Investor Relations team, whose efforts in maintaining high standards of transparency, accountability, and engagement with our stakeholders are instrumental to our continued success. At Telecom Egypt, we understand that clear and trustworthy communication is at the core of building strong, lasting relationships with investors. This award serves as an encouragement to further elevate our investor relations efforts and continue to meet the expectations of all our stakeholders."

About Telecom Egypt

Telecom Egypt is a total telecom services provider in Egypt that provides a wide array of services to a diverse customer base. Serving individuals, communities, SOHOs, SMEs and large enterprises, Telecom Egypt offers a comprehensive, innovative, and diversified portfolio of services, ranging from fixed and mobile voice to essential data solutions that are crucial in today's digital landscape. These services also include high-speed internet, smart solutions, data center facilities, and cloud computing solutions tailored for businesses.

With a rich heritage of about 170 years, Telecom Egypt continues to lead the Egyptian telecom market by providing cutting-edge technology, robust infrastructure, and an extensive network of subsea cables to meet the needs of its enterprise and consumer clientele. The company's pivotal role in Egypt's telecommunications landscape is underscored by its expansive network coverage, broad service range, and dedication to fostering innovation. Aside from its mobile operation "WE", Telecom Egypt holds a significant 45% ownership stake in Vodafone Egypt. Telecom Egypt's shares and GDRs (Ticker: ETEL.CA; TEEG.LN) are traded on the Egyptian Exchange and the London Stock Exchange.
